

OSHE POLICY STATEMENT

SONAR GEOSOLUTIONS SDN BHD (SONARGEO) is dedicated to the responsible management of the occupational safety, health, and environmental (OSHE) consequences of all of its activities, products, and services.

This includes specific commitments such as, but not limited to:

- The onsite and offsite prevention of all work-related injuries, illnesses, incidents, and accidents
- Hazard elimination and risk reduction in occupational health and safety
- Maintaining a high level of awareness, motivation, training, and utilisation of OSHE knowledge and operations for all employees.
- The prevention, minimization, rendering harmless, and monitoring of noxious environmental releases
- Adherence to all applicable OSHE legislation and global best practices

These commitments are backed up by a comprehensive management system that covers all of the Company's operations.

A handwritten signature in brown ink, appearing to read 'Ame', is positioned above a horizontal line.
