Page	Page 2 of 2

**SONAR GEOSOLUTIONS SDN BHD (SONARGE0)** is committed to establishing, implementing, and continuously improving our Quality, Health, Safety, and Environment management system practices and processes based on ISO9001, ISO14001, and ISO45001 International standards, with the aim of achieving acceptable product and service quality, a safe and healthy work environment, and minimizing environmental impacts to the greatest extent possible.

In our efforts to supply products and services to the oilfield industry, we pledge to the following:

- Meet or exceed our customers' expectations.
- Adopt appropriate practices to prevent fatality, injury, illness, and pollution.
- Promote a safety culture in which all employees and relevant interested parties share this commitment.
- Measure, monitor, analyze, and evaluate our IMS performance to ensure continuous improvement;
- Encourage engagement with employees and other relevant interested parties to increase IMS awareness through continuous education, participation, consultation, information, and analytics tools.
- Comply with all applicable legislation and other relevant requirements.

**Managing Director**
